Structure

- Schools nominate students in grades 1-5 who are below grade level in math.
- HMT assesses students to determine individual gaps and then pairs them with **weekly tutors during the school day, targeted lessons, and staff support.**

Curriculum

On-site Support

Results

- **95% of students** in the virtual model to date have made growth on pre/post assessments that meets program growth goals set with guidance from math specialists at UNC Charlotte and Charlotte-Mecklenburg Schools.
- **90% of teachers** annually report increased student confidence/enthusiasm towards math.
- **99% of volunteers** surveyed to date rated their experience positive.

Volunteers

- HMT volunteers provide **one-on-one tutoring for 30 minutes or 1 hour each week**, delivering Heart's effective curriculum and acting as a positive influence.
- HMT is looking for **55 volunteers to virtually support 50 elementary students** at KIPP Change Academy from September 2022 – April 2023!

What People Are Saying:

"Heart Math Tutoring has been wonderful for my students who need one on one attention, that I am unable to give in a classroom full of students. They get the attention and instruction that they need to help them close the gaps in math instruction."

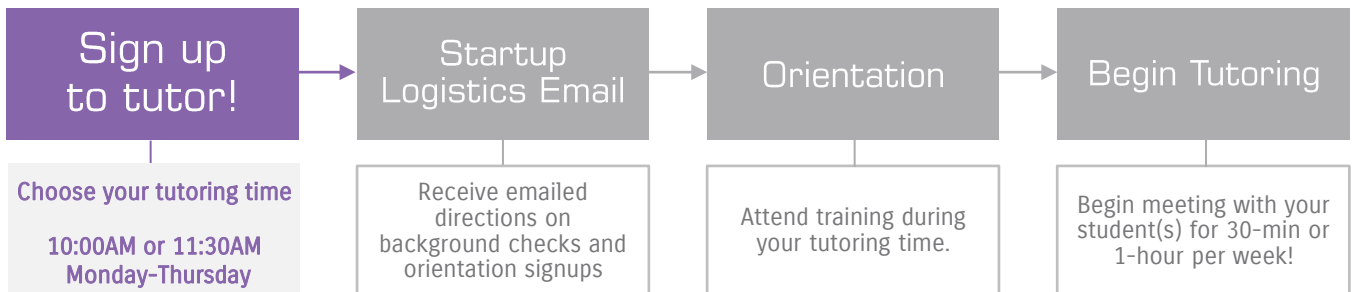

- Ms. Edgcombe, Third Grade Teacher at Huntingtowne Farms

"It was an incredible experience. I love connecting with the kids and feel that I learn from them just as much as they might learn from me!"
